

## ? Question ?

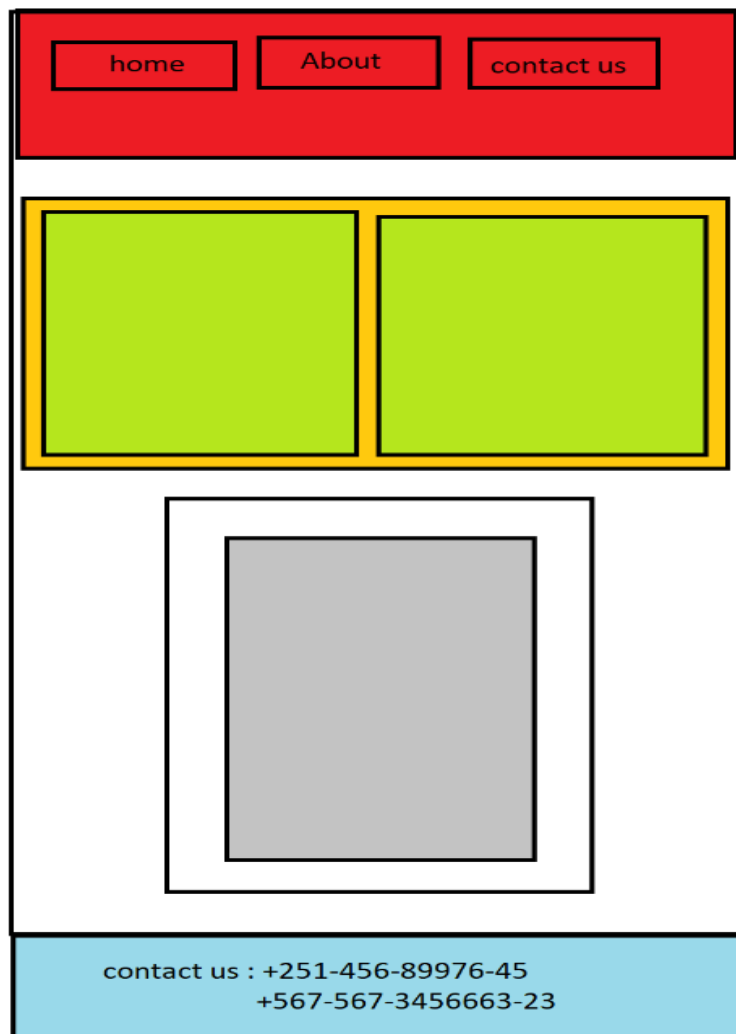

⚠ Carefully follow the instructions below ⚠

---

1 Your task is to replicate the provided design.

- 2 Employ a mobile-first approach, incorporating one breakpoint for larger screens.

- 3 Ensure accurate usage of the colors specified in the design.

😊 Tip: Utilize a color picker extension in Chrome or a tool of your preference.

- 4 All text within the header section should function as hyperlinks.

😊 Tip: Utilize HTML tags to create the links.

- 5 Customize box dimensions as per your discretion.

😊 Tip: Use Chrome's developer tool for visual assessment
